

General Surgery Clinic

402-232-2273, ext. 3431

The clinic hours are 0730-1630.

The clinic is closed daily from 1145-1245.

The General Surgery Clinic diagnoses and treats patients who require general surgical procedures. Patients are seen with a referral from their PCM, to include Medicare patients not enrolled in TRICARE, on a space-available basis. Surgeries are performed at the University of Nebraska Medical Center and Bellevue Medical Center.

Orthopedic and Podiatry Clinics

402-232-2273, ext. 3411

The clinic is closed daily from 1145-1245.

We are a comprehensive musculoskeletal care clinic that provides both surgical and nonsurgical treatment for various injuries and conditions affecting the bones, joints and muscles. Conditions include sports injuries, fractures, arthritis, conditions affecting the hand, and conditions affecting the foot and ankle.

We are staffed by two orthopaedic surgeons, one podiatrist, and one orthopaedic PA. All orthopaedic surgery procedures are performed at Creighton University Medical Center by our surgeons. Podiatric procedures are performed at Bellevue Medical Center by our podiatrist.
